

Appl. No. 10/709,102  
Amdt. dated February 20, 2006  
Reply to Office action of December 23, 2005

**Amendments to the Claims:**

This listing of claims will replace all prior versions and listings of claims in this application:

**Listing of Claims:**

1 (currently amended): A rear projection display device, comprising:

- 5       an image generator, providing image beams;  
      a reflector, mounted at a front of the image generator to reflect the image beams onto  
          a screen; and  
      a light shield, mounted on an adjusting device and disposed between the reflector  
          and the screen to block scattered beams that are to be projected onto the screen;  
10       and  
      a casing having at least one adjusting hole that corresponds to one adjusting element  
          of the adjusting device.

2-6 (cancelled).

15

7 (currently amended): A rear projection display device, comprising:

- an image generator, providing image beams;  
      a reflector, mounted at a front of the image generator to reflect the image beams onto  
          a screen; and  
20       a light shield, mounted on an adjusting device and disposed between the reflector  
          and the screen for blocking scattered beams reflected by the reflector from  
          being projected onto the screen; and  
      a casing having at least one adjusting hole that corresponds to one adjusting element  
          of the adjusting device.

25

8-12 (cancelled).
